Scheme	Standard Group (UK) Pension Scheme
Scheme Year	1 April 2020 to 31 March 2021
SIP	Statement of Investment Principles
UNPRI	United Nations Principles for Responsible Investment

**Introduction**

The Trustees have reviewed the extent to which their policy from the SIP relating to the exercise of rights (including voting rights) attaching to the investments was followed over the Scheme Year and this statement confirms the outcome of that review.

In addition, the statement summarises the voting record of the Scheme’s investment manager and provides information on the significant votes made in respect of the Trustees’ equity holdings. Information is also provided on the how the Scheme’s investment manager makes use of the services of proxy voting advisers.

## **Relevant Investments**

The Scheme's assets are invested in pooled funds and one of those funds includes an allocation to equities. Where equities are held, the investment manager has the entitlement to vote.

At the end of the Scheme Year, the Scheme invested in the following fund which included an allocation to equities:

- LGIM Diversified Fund

## **The Trustees' Policy Relating to the Exercise of Rights**

### Summary of the Policy

The Trustees' policy in relation to the exercise of the rights (including voting rights) attaching to the investments is set out in the SIP. The SIP was updated during the Scheme Year to comply with new legislation which required additional information to be stated about the nature of the arrangements in place with the investment manager. Part of the new wording provided a more detailed explanation of the Trustees' policy relating to the exercise of rights.

A summary of the Trustees' policy is as follows:

- The Trustees believe that good stewardship can help create, and preserve, value for companies and markets as a whole and the Trustees wish to encourage best practice in terms of stewardship.
- The Trustees invest in pooled investment vehicles and therefore accept that ongoing engagement with the underlying companies (including the exercise of voting rights) will be determined by the investment manager's own policies on such matters.
- When selecting a pooled fund, the Trustees consider, amongst other things, the investment manager's policy in relation to the exercise of the rights (including voting rights) attaching to the investments held within the pooled fund.
- When considering the ongoing suitability of an investment manager, the Trustees (in conjunction with their Investment Adviser) will take account of any particular characteristics of that manager's engagement policy that are deemed to be financially material.
- The Trustees will normally select investment managers who are signatories to the UNPRI.

- If it is identified that a fund's investment manager is not engaging with companies, the Trustees may look to replace that fund. However, in the first instance, the Trustees would normally expect their Investment Adviser to raise the Trustees' concerns with the investment manager.

#### Has the Policy Been Followed During the Scheme Year?

The Trustees' opinion is that their policy relating to the exercise of rights (including voting rights) attaching to the investments has been followed during the Scheme Year. In reaching this conclusion, the following points were taken into consideration:

- There has been no change to the Trustees' belief regarding the importance of good stewardship.
- The Scheme's invested assets remained invested in pooled funds over the period.
- The Trustees did not select any new funds during the period.
- Whilst the Trustees did not consider the voting records of the investment manager during the Scheme Year, that analysis has now been undertaken. The Trustees, in conjunction with their Investment Adviser, have considered the voting record of the investment manager over the year ending 31 March 2021 as part of the work required to prepare this Implementation Statement. A summary of the key findings from that analysis is provided below.
- The investment manager used by the Scheme is a UNPRI signatory.

## The Investment Manager's Voting Record

A summary of the investment manager's voting record is shown in the table below.

Investment Manager	Number of votes	Split of votes:		
		For	Against	Did not vote/ abstained
<b>LGIM</b>	67,905	82%	18%	1%

### Notes

*These voting statistics are based on the manager's full voting record over the 12 months to 31 March 2021 rather than votes related solely to the funds held by the Scheme.*

## Use of Proxy Voting Advisers

Investment Manager	Who is their proxy voting adviser?	How is the proxy voting adviser used?
<b>LGIM</b>	ISS and IVIS	ISS and IVIS provide research and ISS administer votes. However, all voting is determined by guidelines set by LGIM.

## **The Investment Manager's Voting Behaviour**

The Trustees have reviewed the voting behaviour of the investment manager by considering the following:

- broad statistics of their voting record such as the percentage of votes cast for and against the recommendations of boards of directors (i.e. "with management" or "against management");
- the votes they cast in the year to 31 March 2021 on the most contested proposals in eight categories across the UK, the US and Europe;
- the investment manager's policies and statements on the subjects of stewardship, corporate governance and voting.

The Trustees have also compared the voting behaviour of the investment manager with its peers over the same period.

The Trustees' key observations are set out below.

### **Voting in Significant Votes**

Based on information provided by the Trustees' Investment Adviser, the Trustees have identified significant votes in eight separate categories. The Trustees consider votes to be more significant if they are closely contested. i.e. close to a 50:50 split for and against. A closely contested vote indicates that shareholders considered the matter to be significant enough that it should not be simply "waved through". In addition, in such a situation, the vote of an individual investment manager is likely to be more important in the context of the overall result.

The five most significant votes in each of the eight categories based on shares held by the Scheme's investment manager are listed in the Appendix. In addition, the Trustees considered the investment manager's overall voting record in significant votes (i.e. votes across all stocks not just the stocks held within the funds used by the Scheme).

**Description of Voting Behaviour**

LGIM

Relative to its peers, LGIM shows a higher tendency to vote against directors’ proposals. The manager has also shown strong support for shareholders’ proposals aimed at tackling a broad range of environmental and social issues.

The manager’s voting policy is detailed and includes clear rationales and rules for when it will vote against directors’ recommendations on a proposal.

LGIM opposed directors in 19% of votes during the year and showed a tendency to do this in contentious votes. This suggests that LGIM is taking its stewardship responsibilities seriously.

**Conclusions**

Based on the analysis undertaken, the Trustees have no concerns regarding the voting records of LGIM.

The Trustees will keep the voting actions of the investment manager under review.
